ABOUT ME

Dynamic Computer Engineer with over 6 years of diverse experience in the IT sector, culminating in specialized training as a Developer—a role that ignites my professional passion. Known for consistently delivering excellence, I possess an unwavering dedication to technological advancement and a relentless pursuit of self-improvement. Driven by a deep-seated enthusiasm for the digital landscape, I recently transitioned into the dynamic field of web development. This transition was complemented by my relocation to the United Kingdom, enriching my global perspective and broadening my expertise.

Proficient in a spectrum of essential technologies including HTML, CSS, JavaScript, React, Sass, and Bootstrap, I excel in front-end development. Leveraging these skills, I am poised to contribute meaningfully to innovative projects and teams.

Eager to apply my extensive skill set and multifaceted experiences, I am actively seeking a challenging role where I can continue to learn, grow, and make a lasting impact on my career trajectory.
